

Probability

What is the probability of getting the number 2?

Number	Tally	Frequency
1		
2		
3		
4		
5		
6		

When you roll the die 30 times, how many times would you expect to get the number 2? Why?

.....
.....

Roll a die 30 times and record the results in the frequency table below.

How many times did you get the number 2? Was this what you expected?

.....
.....

How many times did you get the number 6? Was this what you expected?

.....
.....
