

TREFOIL TUTORS

Welcome

Dear Parents,

Although the exam season is putting pressure on students and parents alike, we hope you have taken some time to enjoy the sunshine in the past days!

Here at Trefoil, we are pleased to see students of all ages putting that extra effort into preparing for a successful final term of this academic year, and making the most of their time with our tutors. In particular, this is a crucial month for those of our students preparing to sit public examinations. Although our lessons this term are focused on revision, completing lots of independent revision and attempting practice papers at home under timed conditions will make a world of difference in your preparations. If you come across any difficult questions in your revision, please do bring them to your one-to-one or group lessons – our tutors will make sure to find the time to go through these with you.

In this month's newsletter, we are delighted to share with you the lesson schedule for the academic year of 2018-2019. Many parents have enquired about next year's lesson dates in order to plan other extra-curricular activities and holidays - we hope you find this useful.

Additionally, in the coming weeks, we will be contacting you with information on booking your group lesson places for the academic year 2018-2019, as well as share the full lessons timetable with you.

Finally, please do get in touch if there is anything else we can do to support your children with their final exam preparation. As always, we are more than happy to help!

Warmest wishes,

The Trefoil Team

Discount offer

Did you know that if you attend the mathematics lessons, and would like some support with English, you are eligible for a 20% discount off BOTH group classes costs?

This means you can sign up for five 1.5h English lessons for as little as £114 (incl. VAT) in the upcoming set of lessons.

To enquire about joining the classes, do give us a call on 0203 565 0539 or email office@trefoiltutors.co.uk. We look forward to hearing from you!

Trefoil Puzzle #172: Frequent numbers

What digit is the most frequent between the numbers 1 and 1,000 (inclusive)? To solve this riddle you don't want to manually do all of the maths but rather try to figure out a pattern.

Once you've solved the puzzle, send us your answer on [Facebook](#) – we look forward to hearing from you!

Enjoying these puzzles? We now post them on our website and our Facebook page every Thursday!

Easter treats

At Trefoil, we are always grateful for word-of-mouth recommendations from our students' parents. As set four of our group lessons came to a close, to show our appreciation, we turned our office into a little workshop and sent our group lessons students on their well-deserved break with small packages containing some snazzy Trefoil merchandise, information about our tutoring services and, of course, Easter treats.
